

New product

TS3

Tourz TS3 is a waterproof full-color strobe batten light for striking visuals and robust performance. With a 30%–40% wider body, it offers stronger visual impact and wider coverage.

Boasting 1000W high power density, it delivers powerful output even at long distances. It features 48-section RGB, 24-section cool white and 24-section warm white for precise control and one-touch color switching.

High-frequency strobe, zone control and electronic dimming create explosive effects. IP66 rated, it ensures stable all-weather operation.
